

**Louisiana Alpha Delta Kappa State Report - AΔK Month
2018-2020**

As Chair of Alpha Delta Kappa Month, my duties were to collect data of activities done during the month of October in the name of Alpha Delta Kappa. A form was devised to collect this information from chapters from throughout the state. Along with this form, chapters were sent a list of ways to celebrate the month as individuals and as a chapter, along with ideas for publicity and community projects.

Chapter chairs completed the form in 2018 and again in 2019 and returned to me by the deadline date. Along with the form, chairs sent in articles, pictures and statements of activities done in the name of AΔK. Chairs sent in this info through email or the postal service. This information shows the different ways that Alpha Delta Kappa Month was celebrated. Many shared information about Alpha Delta Kappa, while some performed numerous altruistic projects. Many proclamations were signed throughout the state and some chapters shared fellowship by districts. The data collected included Founders' Day celebrations of the various chapters as well as local proclamations, altruistic projects and fellowship through joint meetings.

It has been my pleasure and honor to serve as the Louisiana Alpha Delta Kappa Month Chair during the 2018-2020 biennium. I appreciate the opportunity to serve Alpha Delta Kappa in this capacity.

Respectfully submitted,

Mavis Landry
